PHOTOGRAPHY & FILM

Wedding Photography and Videography Packages and Prices

A Bit About Me...

I'm Iain and I'm a wedding photographer and videographer based in North Wales. I cover weddings in North Wales, Cheshire, Merseyside, Shropshire, in fact all over the UK!

I absolutely love capturing weddings. It's very humbling to know that someone has invited me to be part of one of the most important days of their lives and capture the memories to be relived for years to come. My style is relaxed and informal. I love to capture the emotion of the day... the moment you see each other at the top of the aisle, and as you publicly declare your love for each other. I love capturing the fun, the smiles, laughter and even tears throughout your wedding day.

I love my job and get a real buzz from knowing that the work that I produce will bring pleasure and happiness to my couples and their families for many years to come.

As one of the only wedding suppliers who will be with you for the entirety of the day, I make it my aim to ensure I understand exactly what makes you tick, to ensure I deliver a package that I know you'll be blown away by!

Check out what my couples say about me and my work at www.iainyarwood.com/kind-words

About Your Day...

I'm a very relaxed and easy-going photographer and videographer. My aim is to seamlessly capture your wedding in a discrete manner. For most of the day I'll be in the background capturing your day as it unfolds. You'll hardly even realise I was there!

I will of course capture your family group shots and beautiful portrait shots after your wedding ceremony. I'll spend around 10-15 minutes capturing any group and family shots that you've requested, after which we'll go for a wander to capture your formal couple's shots that you'll be able to treasure forever. Don't worry, I won't be asking you to pose in any way that you aren't comfortable with. My style is all about capturing you both being natural together and I'll give you some light direction to get your shots looking amazing!

I won't keep you from your guests for too long. We'll be back to your wedding reception in time for you to enjoy your wedding breakfast. Before you know it, I'll be capturing the speeches and I'll be with you until 30 minutes after your first dance as a married couple!
